Professional Summary

Third-year IT student with unique experience as an AI Prompt Engineer Intern, leveraging advanced prompting techniques for full-stack development tasks. Seeking to apply AI/ML, programming, and problem-solving skills to innovative software solutions.

Skills

- **Programming Languages**: Python, Java, C
- **Front-End:** HTML, CSS, JavaScript
- **Back-End:** Node.js, Springboot (conceptual)
- **AI/ML:** AI prompt Engineering, Generative Ai, AI Tools.
- **Versioning Tool:** Git.
- **API Testing Tool:** Postman
- **Soft Skills**: Problem-solving, Communication, Teamwork, Time Management, Adaptability

Work history

AI Prompt Engineer Intern — May 2025 – July 2025

Data Rakshak Technologies Private Ltd. – Hyderabad, India

- Applied advanced prompt engineering for full-stack development tasks, including UI/UX, back-end logic, and database interactions, using AI Agents for rapid prototyping.
- Refined prompts to understand diverse full-stack technologies (e.g., JavaScript concepts, API design, database patterns) through AI-driven inquiry.
- Streamlined development workflows via optimized AI prompts, improving efficiency and accelerating initial coding for full-stack components.
- Collaborated with teams, integrating AI-generated insights to enhance project delivery speed and conceptual understanding.
- Delivered high-quality, AI-assisted development outputs ahead of schedule, demonstrating strong problem-solving.

AWS Cloud Computing - DevOps Intern — May 2025 - July 2025

Andhra Pradesh State Skill Development Corporation (APSSDC) – Summer Online Internship Program 2025

- Completed a certified internship focused on **AWS Cloud Computing**.
- Gained hands-on experience with **EC2, S3, IAM, and RDS**.
- Learned cloud concepts such as **virtual machines, storage, networking, and security**.
- Explored setting up **ETL pipeline using S3 ,Glue Studio and Athena** in cloud infrastructure.

Skills: AWS · EC2 · S3 · RDS · IAM · Cloud Basics · Linux

Education

B.Tech. Computer Science & Engineering (IT) — **2023 – 2027**
Shri Vishnu Engineering College for Women, Bhimavaram.

Intermediate (Math, Physics, Chemistry) (95.3%) — **2021 – 2023**

Tirumala Junior College.

Secondary School (10th Grade) (10 CGPA) — **2020 – 2021**

Tirumala Proactive School.

Projects

SR-TODO

A modern, full-featured to-do and productivity app built with Next.js, React, and TypeScript.
Includes voice input, drag-and-drop, calendar view, admin dashboard, and a beautiful responsive UI.

Key Takeaways: Ai-prompt engineering, Speech recognition, High Performance Web Development, Efficient State Management.

Hand Gesture Recognition

A real-time Python application using OpenCV and MediaPipe to classify gestures like Fist and Palm. The project features hand tracking and visualizes landmarks on a webcam feed.

Password Strength & Breach Checker

A web application developed with HTML, CSS, and JavaScript that checks password strength via regex and compares them against data breaches using the HaveIBeenPwned API. It works fully in the browser and hashes passwords for privacy.

Interests

Travelling, Team Sports – Cricket, Gardening

Languages

English, Telugu, Hindi (Basic), Tamil (Basic), German (Basic),
